WARNING

This document contains classified information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive TALENT-KEYHOLE information. Its security must be maintained in accordance with KEYHOLE and TALENT regulations.

PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the CIA Photographic Intelligence Division.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

25X1D 25X1D

25X1D
A military training area is located approximately 8 kilometers (km) east of the center of the Perm complex. The training facility consists of a driver-training area and a tank/assault gun range with moving targets. Secondary roads connect the training area with the urban complex.

Initial coverage in [REDACTED] indicates no apparent usage of the installation. Coverage

in [REDACTED] indicates usage of the driver-training course and the firing range. Coverage in [REDACTED] indicates no apparent winter training activity.

A detailed study of the urban complex reveals no identifiable associated military installations.

DESCRIPTION OF INSTALLATION

Road Service

The training area is connected to the urban complex by numerous secondary roads.

Buildings

The installation contains four probable range-control buildings.

Driver Training Area

Area M is a closed-circuit driver-training

course which appears in moderate use.

Tank/Assault Gun Firing Range

Area N is a 3,800-foot tank/assault gun firing range with three 2,500-foot firing lanes. The range appears in moderate use.
